

Vidyavardhaka College
Of Engineering, Mysuru

28th Feb – 1st March
2020

OnLoad is a weekend-long spectacle aimed at bringing together young talented programmers, designers, and developers from across the country to collaborate to build innovative projects.

Participants will work on the cutting-edge technologies including but not confined to Artificial Intelligence, Machine Learning, Blockchain, IoT, VR/AR and many more leveraging available tools and APIs to create products solving your day-to-day concerns. Who knows they might just build the next big thing?

This hackathon is taking place in **Mysuru**,
the Palace City of India on
Feb 28th – March 1st 2020.

**Vidyavardhaka College Of Engineering,
Mysuru**

This is the second edition of OnLoad. We are hoping to get 150+ participants from across the country.

This hackathon is organized by students, for the students. Not only college students but also school students can be part of the event.

Our participants will work overnight to create solutions that help the world. We also have separate prizes for all women's team.

We need your support to make the event a success.

OnLoad 1.0

OnLoad 1.0 was successfully conducted on the 23rd and 24th of March, 2019 at Vidyavardhaka College of Engineering, Mysuru. Over the course of 30 hours, we received a set of ingenious projects by the top 100 chosen participants from over 800 applications across the country. We also encouraged the participation of women by issuing prizes exclusively.
